

Stuff I love

WH Style Editor Talia Maltz's favourite functional fashion of the season

DOOG – it stands for Dog Owners' Outdoor Gear, and this **Walkie Belt @ A2B Traveller** (\$39.95), features everything you need for taking your best friend out on a park date: 30 poo bags, 20 antibacterial hand wipes, a clip to attach a dog lead, and pockets for your keys, phone, money and dog treats. All in one slim belt.

For the **Crocs** fiends among you (we know you're out there somewhere): the new "Prepair" range is designed as pre- and post-sport footwear. The slide sandals (\$59.99), clogs (\$64.99) and flip-flops (not seen here) have anti-bacterial and anti-fungal properties, and they help feet recover in comfort.
