Today's Scoop

August 12, 2010

You'll Dig Doog

The Walkie-Belt is an award winning product that makes your daily walks easier, better organized, cleaner and greener!

Combining a lightweight, stylish design with ingenious functionality, it comes in a fantastic range of colors and fabrics, and has specially designed slits in the front so you can pull out the built-in scented tidy bags and antibacterial hand wipes without even having to open any pockets.

A front pocket holds your money, keys and phone. A back pocket holds dog treats. There's even a clip to attach your iPod and your dog's lead or water bottle. What more could you want?!

Starter pack will get you completely organized for your daily walk with Belt, spare packs of tidy bags and handwipes, and foldable water bowl that attaches to the Belt.

Brilliant!
