Test Run: DOOG Walkie Belt

What it is: The DOOG Walkie Belt (\$35.25; www.doog.com.au) is a fanny pack for dog owners, featuring an iPod clip, pockets for holding house keys and money, a tennis ball holder, carabiner for attaching the dog leash and compartments for "tidy" bags and wet wipes.

The promise: The belt is designed to free up your hands and pockets when taking your dog for a walk.

From the tester (Gayle, with help from her Chihuahua, Manly):

Pros: "Very comfortable--I was pleasantly surprised that the belt fit a plus-sized lady such as me. I loved the convenience of the belt. You have poop bags, wet wipes and it holds your keys. I'd buy this belt for myself and give it as a gift!"

Cons: None!

Gayle and Manly tested the DOOG Walkie Belt
